

## Appendix A - Bibliography of Publications from OCHS Data (1983-1987)

### Published papers/booklets

- A1. Boyle, M.H. and Offord, D.R. (1986). Smoking, drinking and use of drugs among adolescents in Ontario: Prevalence, patterns of use and sociodemographic correlates. *Canadian Medical Association Journal*, 135: 1113-1121.
- A2. Cadman, D.T., Boyle, M.H., Offord, D.R., Szatmari, P., Rae-Grant, N., Crawford, J. and Byles, J. (1986). Chronic illnesses, functional conditions and limitations in Ontario children: Findings of the Ontario Child Health Study. *Canadian Medical Association Journal*, 135: 761-767.
- A3. *Ontario Child Health Study: Summary of Initial Findings.*(1986). Queen's Printer for Ontario.
- A4. Offord, D.R., Alder, R.J. and Boyle, M.H. (1986). Prevalence and socio-demographic correlates of conduct disorder. *American Journal of Social Psychiatry*, VI: 272-278.
- A5. Offord, D.R. and Boyle, M.H. (1986). Problems in setting up and executing large-scale epidemiological studies. *Psychiatric Developments*, 4: 257-272.
- A6. Boyle, M.H., Offord, D.R., Hofmann, H.F., Catlin, G.P., Byles, J.A., Cadman, D.T., Crawford, J.W., Links, P.S. and Rae-Grant, N.I. (1987). Ontario Child Health Study: I. Methodology. *Archives of General Psychiatry*, 44: 826-831.
- A7. Cadman, D.T., Boyle, M.H., Szatmari, P. and Offord, D.R. (1987). Chronic illness, disability, and mental and social well-being: Findings of the Ontario Child Health Study. *Pediatrics*, 79: 805-813.
- A8. Offord, D.R., Boyle, M.H. and Jones, B.R. (1987). Psychiatric disorder and poor school performance among welfare children in Ontario. *Canadian Journal of Psychiatry*, 32: 518-525.
- A9. Offord, D.R., Boyle, M.H., Szatmari, P., Rae-Grant, N.I., Links, P.S., Cadman, D.T., Byles, J.A., Crawford, J.W., Munroe Blum, H., Byrne, C., Thomas, H. and Woodward, C.A. (1987). Ontario Child Health Study: II. Six-month prevalence of disorder and rates of service utilization. *Archives of General Psychiatry*, 44: 832-836.
- A10. Boyle, M.H. and Offord, D.R. (1988). Prevalence of childhood disorder, perceived need for help, family dysfunction and resource allocation for child welfare and children's mental health services in Ontario. *Canadian Journal Behavioral Science*, 20:4, 374-388.
- A11. Byles, J.A., Byrne, C., Boyle, M.H. and Offord, D.R. (1988). The general functioning scale of the family assessment device: reliability and validity. *Family Process*, 27: 97-104.
- A12. Cadman, D.T., Boyle, M.H. and Offord, D.R. (1988). Ontario Child Health Study: Social adjustment and mental health of siblings of children with chronic health problems. *Pediatrics*, 9: 117-121.
- A13. Joffe, R.T., Offord, D.R. and Boyle, M.H. (1988). Ontario Child Health Study: Suicidal behavior in youth aged 12 - 16 years. *American Journal of Psychiatry*, 145:11, 1420-1423.

- A14. Munroe Blum, H., Boyle, M.H. and Offord, D.R. (1988). Single parent families - child psychiatric disorder and school performance. *Journal of the American Academy of Child and Adolescent Psychiatry*, 27:2, 214-219.
- A15. Offord, D.R. and Boyle, M.H. (1988). The epidemiology of antisocial behavior in early adolescents, aged 12 to 14. M.D. Levine and E.R. McAnarney (eds.). *Early Adolescent Transitions*, Heath, Lexington, Mass., pp. 245-259.
- A16. Woodward, C.A., Boyle, M.H., Offord, D.R. and Cadman, D.T., Links, P.S., Munroe Blum, H., Byrne, C. and Thomas, H. (1988). Ontario Child Health Study: Patterns of ambulatory medical care utilization and their correlates. *Pediatrics*, 82:3, 425-434.
- A17. Fleming, J.E., Offord, D.R. and Boyle, M.H. (1989). Ontario Child Health Study: Prevalence of childhood and adolescent depression in the community. *British Journal of Psychiatry*, 155: 647-654.
- A18. Links, P.S., Boyle, M.H. and Offord, D.R. (1989). The prevalence of emotional disorder in children. *The Journal of Nervous and Mental Disease*, 177: 85-91.
- A19. Munroe Blum, H., Boyle, M.H., Offord, D.R. and Kates, N. (1989). Immigrant children - psychiatric disorder, school performance and service utilization. *American Journal of Orthopsychiatry*, 59: 510-519.
- A20. Offord, D.R. and Boyle, M.H. (1989). Ontario Child Health Study: Correlates of disorder. *Journal of the American Academy of Child and Adolescent Psychiatry*, 28: 856-860.
- A21. Offord, D.R., Boyle, M.H., Fleming, J.E., Munroe Blum, H. and Rae-Grant, N.I. (1989). Ontario Child Health Study: Summary of selected results. *Canadian Journal of Psychiatry*, 34: 483-491.
- A22. Rae-Grant, N.I., Offord, D.R. and Munroe Blum, H. (1989). Ontario Child Health Study: Implications for clinical services, research and training. *Canadian Journal of Psychiatry*, 34: 492-499.
- A23. Rae-Grant, N.I., Thomas, B.H., Offord, D.R. and Boyle, M.H. (1989). Risk, protective factors and the prevalence of behavioral and emotional disorders in children and adolescents. *Journal of the American Academy of Child and Adolescent Psychiatry*, 28:2, 262-268.
- A24. Szatmari, P., Offord, D.R. and Boyle, M.H. (1989). Correlates, associated impairments and patterns of service utilization of children with attention deficit disorder: Findings of the Ontario Child Health Study. *Journal of Child Psychology and Psychiatry*, 30: 205-218.
- A25. Szatmari, P., Offord, D.R. and Boyle, M.H. (1989). Ontario Child Health Study: Prevalence of attention deficit disorders with hyperactivity. *Journal of Child Psychology and Psychiatry*, 30: 219-230.
- A26. Woodward, C.A., Thomas, B.H., Boyle, M.H. and Offord, D.R. (1989). Methodologic note for child epidemiological surveys: The effects of instructions on estimates of behavior prevalence. *Journal of Child Psychology and Psychiatry*, 30: 919-924.
- A27. Bowen, R.C., Offord, D.R. and Boyle, M.H. (1990). The prevalence of overanxious disorder and separation anxiety disorder among adolescents in the community: Results from the Ontario

Child Health Study. *Journal of the American Academy of Child and Adolescent Psychiatry*, 29: 753-758.

- A28. Boyle, M.H.(1990). Children's mental health issues: Prevention and treatment. In Johnson, L.C. and Barnhorst, D. (eds.), *Children, Families, and Public Policy in the 90's*, 73-104.
- A29. Boyle, M.H. and Offord, D.R. (1990). Primary prevention of conduct disorder. *Journal of the American Academy of Child and Adolescent Psychiatry*, 29: 227-233.
- A30. Links, P.S., Offord, D.R. and Boyle, M.H. (1990). Correlates of emotional disorder from a community survey. *Canadian Journal of Psychiatry*, 35: 419-425.
- A31. Offord, D.R., Boyle, M.H. and Racine, Y.A. (1990). *Children at Risk*. Queen's Printer for Ontario.
- A32. Boyle, M.H., and Offord, D.R. (1991). Psychiatric disorder and substance use in adolescence. *Canadian Journal of Psychiatry*, 36: 699-705.
- A33. Boyle, M.H., Offord, D.R., Racine, Y.A. and Catlin, G. (1991). Ontario Child Health Study follow-up: Evaluation of sample loss. *Journal of the American Academy of Child and Adolescent Psychiatry*, 30:3, 449-456.
- A34. Cadman, D.T., Rosenbaum, P., Boyle, M.H. and Offord, D.R. (1991). Children with chronic illness: Family and parent demographic characteristics and psychosocial adjustment. *Pediatrics*, 87: 884-889.
- A35. Offord, D.R. (June 1991). Growing Up Poor in Ontario. *Transitions* :10-11.
- A36. Offord, D.R., Boyle, M.H. and Racine, Y.A. (1991). Ontario Child Health Study: Correlates of disorder. In *Annual Progress in Child Psychiatry and Child Development, 1990*. Chess, S. and Hertzog, M.E. (eds.), Brunner/Mazel, New York, pp. 194-204.
- A37. Offord, D.R., Boyle, M.H. and Racine, Y.A. (1991). The epidemiology of antisocial behavior in childhood and adolescence: Findings from the Ontario Child Health Study. In Pepler, D. and Rubin, K.H. (eds.), *The Development and Treatment of Childhood Aggression*, Lawrence Erlbaum, New York, pp. 31-54.
- A38. Offord, D.R., Boyle, M.H., and Racine, Y.A. (1991). Epidemiology of behavioral and emotional disorders of adolescence. Implications for treatment, research and policy. In *Behavior Disorders of Adolescence: Research, Intervention, and Policy in Clinical and School Settings*, McMahon, R.J. and Peters, R. Dev. (eds.), Plenum, New York, pp. 13-26.
- A39. Thomas, B.H., Byrne, C., Offord, D.R. and Boyle, M.H. (1991). Prevalence of behavioral symptoms and the relationship of child, parent and family variables in 4- and 5-year-olds: Results from the Ontario Child Health Study. *Journal of Developmental and Behavioral Pediatrics*, 12:3,177-184.
- A40. Boyle, M.H., Offord, D.R., Racine, Y.A., Szatmari, P., Fleming, J.E., and Links, P.S. (1992). Predicting substance use in late adolescence: Results from the Ontario Child Health Study follow-up. *American Journal of Psychiatry*, 149: 761-767.

- A41. Offord, D.R., Boyle, M.H., Fleming, J.E., Munroe Blum, H., and Rae Grant, N.I (1992). Ontario Child Health Study: Summary of selected results. In *1991 Yearbook of Psychiatry and Applied Mental Health*. Schowalter, J. et al., (eds.), Moseby-Year Book, Inc., Chicago.
- A42. Offord, D.R., Boyle, M.H., Racine, Y.A., Fleming, J.E., Cadman, D.T., Munroe Blum, H., Byrne, C., Links, P., Lipman, E.L., MacMillan, H.L., Sanford, M.N., Szatmari, P., Thomas, H., and Woodward, C.A. (1992). Outcome, prognosis and risk in a longitudinal follow-up study. *Journal of the American Academy of Child and Adolescent Psychiatry*, 31 : 916-923.
- A43. Sanford, M.N., Offord, D.R., Boyle, M.H., Peace, A., and Racine, Y.A. (1992). Ontario Child Health Study: Social and school impairments in children aged 6 to 16 years. *Journal of the American Academy of Child and Adolescent Psychiatry*, 31: 60-67.
- A44. Boyle, M.H., Offord, D.R., Racine, Y.A., Fleming, J.E., Szatmari, P., and Links, P.S. (1993). Predicting substance use in early adolescence based on parent and teacher assessment of childhood psychiatric disorder. *Journal of Child Psychology and Psychiatry*, 34: 535-544.
- A45. Boyle, M.H., Offord, D.R., Racine, Y.A., Fleming, J.E., Szatmari, P., and Sanford, M. (1993). Evaluation of the revised Ontario Child Health Study scales. *Journal of Child Psychology and Psychiatry*, 34: 189-213.
- A46. Boyle, M.H., Offord, D.R., Racine, Y.A., M., Szatmari, P. and Fleming, J.E. (1993). Evaluation of the Original Ontario Child Health Study Scales. *Canadian Journal of Psychiatry*, 38: 397-405.
- A47. Fleming, J.E., Boyle, M.H., and Offord, D.R. (1993). The outcome of adolescent depression in the Ontario Child Health Study Follow Up. *Journal of the American Academy of Child and Adolescent Psychiatry*, 32: 28-33.
- A48. Lipman, E.L., Offord, D.R., Boyle, M.H. and Racine, Y.A. (1993). Follow-up of psychiatric and educational morbidity among adopted children. *Journal of the American Academy of Child and Adolescent Psychiatry*, 32: 1007-1012.
- A49. Lipman, E.L., Offord, D.R., Racine, Y.A., and Boyle, M.H. (1993). Psychiatric disorders in adopted children: A profile from the Ontario Child Health Study. *Canadian Journal of Psychiatry*, 37: 627-733.
- A50. Szatmari, P., Boyle, M.H., and Offord, D.R. (1993). Familial aggregation of emotional and behavioural problems of childhood in the general population. *American Journal of Psychiatry*, 150: 1398-1403.
- A51. Woodward, C.A., Offord, D.R., Boyle, M.H., and Racine, Y.A. (1993). Correlates of children's use of physician and dentist services: Ontario Child Health Study Follow Up. *Canadian Journal of Public Health*, 84: 103-106.
- A52. Lipman, E.L., Offord, D.R. and Boyle, M.H. (1994). Economic disadvantage and child psychosocial morbidity. *Canadian Medical Association Journal*, 151: 431-437.
- A53. Lipman, E.L., Offord, D.R., Boyle, M.H., and Racine, Y.A. (1994). How do adopted children fare over time? *Journal of the Ontario Association of Children's Aid Societies*, 38: 6-8.

- A54. Lipman, E.L., Offord, D.R., Boyle, M.H., and Racine, Y.A. (1994). Relation between economic disadvantage and child psychosocial morbidity in children. *Canadian Medical Association Journal*, 15: 431-437.
- A55. Sanford, M., Offord, D.R., McLeod, K., Boyle, M., Byrne, C. And Hall, B. (1994). Pathways into the workforce: Antecedents of school/workforce status. *Journal of the American Academy of Child and Adolescent Psychiatry*, 2: 1036-1046.
- A56. Szatmari, P., Shannon, H. and Offord, D.R. (1994). Multiple risk and child psychiatric disorder. *International Journal of Methods in Psychiatric Research*, 4: 231-240.

### Theses

- B1. Alder, R. A Study of the Etiology of Conduct Disorder in Ontario Children. Thesis for Master of Medical Science, McMaster University, 1984.
- B2. Freeburn, Erin C. A Multitrait-Multimethod Analysis of Three Scales of the Achenbach Child Behavior Checklist, Masters Thesis, Department of Psychology, Faculty of Graduate Studies, University of Guelph, 1985.
- B3. Szatmari, P. Issues in Assessing the Taxonomic Validity of Child Psychiatric Diagnosis: Findings of the Ontario Child Health Study. M.Sc. Thesis, Design Measurement and Evaluation Program, Department of Clinical Epidemiology and Biostatistics, McMaster University, 1986.
- B4.. Thomas, Helen. The Influence of Protective Factors on the Presence of Conduct Disorder in a High Risk Group of 12- to 16-Year-Old Boys. Masters Thesis, Department of Health Studies, University of Waterloo, 1986.
- B5. Links, P.S. Social Supports and Child Psychiatric Disorders. M.Sc. Thesis, Design. Department of Clinical Epidemiology and Biostatistic, McMaster University, 1987.
- B6. Boyle, M.H. Validation of Survey Instruments Used in the Ontario Child Health Study (OCHS) to Measure Psychiatric Disorder Among Children Aged 4-16. Ph.D. Thesis, Graduate Department of Community Health, University of Toronto, 1988.
- B7. John, L. Factors Predicting Children's Use of Specialized Mental Health and Social Service: Analysis of data from the Ontario Child Health Study. M.Sc. Thesis, Department of Clinical Epidemiology and Biostatistics, McMaster University, 1989.
- B8. Hobbs, Charlotte. A Comparison of the Prevalence and Course of Emotional and Behavioural Problems in Children with Speech Problems Compared to Children with other Chronic Illnesses. Ph.D. Thesis, Department of Epidemiology, McGill University, 1991.
- B9. Walker, V. A Prospective Longitudinal Study Examining the Effects of Residential Mobility on Psychiatric Disorders in Children Living in Subsidized Housing. Thesis for Master of Medical Science, McMaster University, 1992.

### Ministry documents

- C1. Offord, D.R., Boyle, M.H., Szatmari, P., Rae-Grant, N.I., Links, P.S., Cadman, D.T., Byles, J.A., Crawford, J.W., Munroe Blum, H., Byrne, C., Thomas, H. and Woodward, C.A. Ontario Child Health Study: Correlates of Disorder, 1985.
- C2. Byles, J.A., Byrne, C., Offord, D.R. and Boyle, M.H. Ontario Child Health Study: Family Functioning and Emotional/Behavioral Disorders in Children, 1986.
- C3. Links, P.S., Boyle, M.H., Munroe Blum, H. and Offord, D.R. The Social Support of Children in the Community: Part 1, 1986.
- C4. Links, P.S., Boyle, M.H. and Offord, D.R. The Prevalence of Neurotic Disorders in Children, 1986.

- C5. Boyle, M.H. Choosing Instruments to Assess Emotional and Behavioural Disorders of Childhood for Use in Primary Prevention Studies, 1989.
- C6. Offord, D.R. Issues in the Delivery of Mental Health and Social Services in Ontario Findings and Their Implications from the Ontario Child Health Study. Paper presented at Conference "Towards Improved Consultation and Integration in Children's Services", sponsored by Ministries of Community and Social Services and Health, and by the Laidlaw Foundation. Sparrow Lake, Ontario, November, 1989.
